Dear All,

Notice: Equipment Development and Production Div. Relocated to Imago

We are pleased to inform you that on May 18, 2020, Qualicaps Co., Ltd. (Head office: Yamatokoriyama, Nara; President: Yoji Date) relocated its Equipment Development and Production Division to Imago. Our equipment business was previously located at our Head Office (Ikezawacho, Yamatokoriyama, Nara) and the Second Plant (Andocho, Yamatokoriyama), but through this relocation and consolidation we will now improve our production environment and increase capacity.

Yoji Date, Representative Director and President, commented, “As a result of the relocation to Imago, we will expand our overseas operations, especially in Asia.” Motohiro Yagyu, Executive Officer, Equipment Development and Production Division, noted, “We will enhance our production system for our mainstay tablet printing and visual inspection equipment as we strengthen our system for developing competitive next-generation products.”

Qualicaps will continue to promote its approach to equipment development, designing, manufacture, installation, and provision of technical services to meet the trust and needs of our customers.
